Cole Tindall

Informatics Lead

Bio

Computational Biologist focused on large-scale harmonization projects and Systems Biology. I build tools using new AI/ML techniques that enables researchers to study cross disease multi-modal data.

Quick Bits

- Hobbies: Rock Climbing, Gym , Hiking
- Classes: Calculus for Engineers , Modern Software Concentps in Python
- Fun fact: I have a 3yr old German Shepherd named Lilah

What I'm Working On

Simulation environments, RL and AI enabled tools for harmonization of heterogenous data.

Built with Flask · Module 1
